

**WEDNESDAY 9 OCTOBER 2019**

## **GWIC and GRNSW offer support to greyhound racing participants affected by bushfires**

The Greyhound Welfare & Integrity Commission (GWIC) and Greyhound Racing NSW (GRNSW) are aware that some greyhounds and properties have been lost to recent bush fires and both organisations will do whatever can be done to assist affected participants.

We extend our sympathy and support to the industry participants impacted by the fires in Casino and will be in the region from today to provide assistance.

A GWIC vet and steward will be at the Casino track later today to provide assistance to participants and their greyhounds.

GWIC staff will also contact affected participants and provide assistance, including visiting kennels, when it is safe to do so.

We urge all participants affected by the bush fires to make their way to the one of the following locations if it is safe to do so. Kennel space, food and other supplies will be available.
