

# PROHIBITED SUBSTANCES ACTION PLAN STRATEGIES

STRATEGIES	ACTION	DETAILS	WHEN	RESPONSIBLE
Reduction in positive swabs within the sport	Development of a supplements and prohibited substances app, similar to Sports Integrity Australia, to provide guidance to industry participants	In recognition that 90% of positive swabs in the sport were due to husbandry practices a free app will substantially improve participant awareness.	Q1 - 2024	
	A communication and education campaign increasing trainer & owner awareness of best practice husbandry necessary to avoid producing positive swabs	In recognition that 90% of positive swabs in the sport were due to husbandry practices a free app will substantially improve participant awareness.	Q1 - 2024	 
	Examine the supply of pharmaceuticals to trainers and owners to determine whether further regulation is required	Determine whether those who supply pharmaceuticals to trainers and owners are doing so appropriately.	Q2 - 2024
