Heritable disease:

The greyhound has been diagnosed by me or there is a reason to believe it has a heritable disease or defect:

Yes No

If yes, please provide details:

For the purposes of this certificate of breeding health it is not a requirement to conduct either clinical pathology, internal or ultrasound investigations to determine general breeding health. However, it is at the discretion of the owner, in consultation with the certifying veterinarian, whether further, more in depth investigations, such as abdominal ultrasonography and cervical inspection, are warranted based on the initial findings of this broad examination and the bitches reproductive history. Where further investigations have taken place, the results of these investigations should be provided attached to this document and submitted with this application.
