

The Inside Rail

HOW TO....

Prevent periodontitis (gum) disease

- CARE - regular home dental care including daily brushing, the use of dental rinses and dental chews. Ask your vet for further advice.
- FARE - the inclusion of whole raw meaty bones in the diet a few times a week.
- AWARE - annual veterinary health check which should include a thorough dental examination.

Need assistance? Please call 13 49 42 (13 GWIC)

Winter and C5 vaccinations

Are you spelling your greyhound over winter?

It is a great opportunity to get vaccinations completed.

Remember that all C5 vaccinations for racing greyhounds need to be done by 1 October 2023.

Participants are asked to upload proof via the new eTrac portal on the GWIC website or emailing registration@gwic.com.au by 1 September 2023 to allow time for processing.

1 July 2023 - Changes to registration fees

After four years of no increases, GWIC has announced changes to some fees and the introduction of new fees for some services.

From 1 July 2023 some registration and transaction fees charged by the Commission will change.

While fees will be introduced for new applications for registration as a Greyhound Owner and Breeder, registration renewals for Owners and Breeders will continue to be free and renewal fees will no longer be charged for Race Officials.

Fees will now be charged for registering a breeding female or changing the name of a greyhound in line with other states.

www.gwic.nsw.gov.au/registration

Everyone loves a 'one stop shop' and it shows as we've hit the 1000 mark for eTrac portal accounts!

eTrac is the new digital way to interact with GWIC and offers quick, easy and secure online transactions and support. Visit www.gwic.nsw.gov.au to register today!

Code of Practice

Part 7: Exercise, Socialisation and Enrichment

All greyhounds, including puppies from the age of 3 weeks, must be provided with daily exposure to humans through gentle handling.

For more information visit www.gwic.nsw.gov.au/cod e or call 13 GWIC (13 49 42)

From the Stewards' Box

To promote the image of greyhound racing in NSW, the Greyhound Welfare & Integrity Commission has developed a standard of dress that should be familiar to most participants.

As a reminder given it is now winter, gumboots may be worn with prior Stewards approval, while trainers and handlers are permitted to wear a plain black beanie.

For more information visit www.gwic.nsw.gov.au or call 13 49 43 (13 GWIC).
