- 30 Sept: Wentworth Park
- 2 Oct: Coonamble
- 4 Oct: Taree
- 7 Oct: Dubbo

2023 eTrac

- 7 Oct: Tamworth
- 8 Oct: Grafton
- 10 Oct: Casino
- 12 Oct: Gunnedah
- 14 Oct: Muswellbrook

We're going long so don't leave it too late

Long weekend - they are two words which will no doubt bring a smile to your face. 😊 But as a reminder before you go long, in NSW greyhounds must be vaccinated annually up to C5 level to be nominated for a race that will take place on, or after, October 2023.

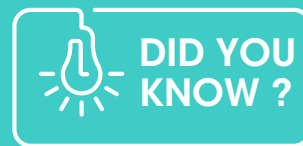

To allow processing time, we ask that proof of annual vaccination is uploaded via the eTrac portal by noon on 29 September. Should you have any questions, call us on 13 49 42 (13 GWIC) or email us at registration@gwic.nsw.gov.au

Spotlight on building a bright future

A greyhound racing industry summit in Bathurst earlier this month, hosted by GWIC and GRNSW, put the spotlight on new, revolutionary rehoming and prohibited substances strategies. Some of the key actions developed included:

- SHARING AND CARING:** Pension Plan to provide lifetime care for greyhounds
- INTO HOMES AND HEARTS:** Targeting new potential adopters
- PRACTICE MAKES PERFECT:** Best practice guidelines for rehoming
- CHECK IT OUT:** Smartphone prohibited substances checker app
- KNOWLEDGE IS POWER:** Multi-year education campaign

If you have an iPhone or iPad, you can now download the free eTrac app.

Just scan the QR code to get started.

The app means you can make your transactions whenever and wherever you want. An app for Android phones is coming soon!

Code of practice

Part 3: Health and Wellbeing

LOOKING FUR-BULOUS

It is important to ensure that every greyhound enjoys optimal health and wellbeing. Participants must ensure that the greyhounds in their care are maintained in a good and clean condition. Participants must monitor the dental health and check the toenails of all greyhounds in their care regularly. For more information call us on 13 49 42 (13 GWIC).

From the Stewards' box

Beat the heat, stay cool, calm and collected

- With a hot summer predicted, it is a good time to review what you need to do to protect the health, comfort, safety and welfare of greyhounds.
- Monitoring temperatures and ensuring your greyhounds are adequately hydrated are especially important.
- Check out GWIC's Race Day Hydration and Hot Weather Policy here: bit.ly/45PTXUz
